NEW DEPARTMENT ASKS BALANCE FOR REPRINTS

STAFFERS HAVE SEIZED LIGHTHOUSE!

MEXICAN REBELS ARE ROUNDLY RAPPELLED BY SENATOR FLOWER

TELL 'EM BLOOD, MILITARY AND VIOLENCE

Says Huerta Imposed His Will Upon 12 Million People by Fear

MUST RESTORE ORDER EVEN IF BY CANNON

Protest is Made Against the Seizure of Lighthouses by Americans

Washington, D.C., May 11.—The War department today called upon Rear-Admiral Badger for a complete report concerning an unjust statement that an American gunboat had landed on Lobos Island, eight miles from the Mexican shore between Vera Cruz and Tampico, and taken possession of the Lighthouse there.

Admiral Mayo has reported that 22 cannon shots were heard at Tampico last night. American vessels, C. A. Miller and the Vice-Admiral, were reported to be aboard the Connecticut. 10 or 15 Americans refused to leave the city.

Washington, D.C., May 11.—Asserting that President Wilson was more than justified in refusing to recognize Victoriano Huerta, president of Mexico, and that the United States must not turn back until it has established constitutional government in that republic, Senator Flower today started the senate with a remarkable denunciation of the Mexican dictator.

His speech was an intimate history of Huerta from the time he rose the reins of power from the hands of Madero to the present day.

"Through it ran the color of blood and the story reeked with murder, intrigue and violence, where human beings talked too much with their hands and feet, where the force of arms and the impelling power of fear imposed his will on 12,000,000 people.

"To look up his assertions the senate produced confidential documents from the state department, and from other sources. He replied, he said, that mediation had been offered, but he declared, "let no mistake be made. We must demand order, constitutional self-government, and that the right of sovereignty be placed in the hands of the people of Mexico, under safeguards that will promise liberty, human rights and stability of government to the people of Mexico, and assure our own future peace and security, and, if necessary, we must put these demands at the cannon's mouth. If we are compelled to use force, we must first pledge the United States against retaining Mexican territory. In order to assure the world and the patriotic elements of Mexico of our purpose to promote civilization and protect human life and happiness in our hands.

Hundreds Have Been Killed

"Hundreds of our citizens have been killed in Mexico, thousands of them have been robbed, millions of their property stolen, and all driven by violence from Mexico. Huerta has sought to involve us in complications with Japan which might easily involve our nation in one of the bloodiest wars in history, if permitted to be worked out.

"The president was not only justified in refusing to recognize Huerta, but he was fully justified in depositing Huerta by military force as a bloody despot and a treasonable traitor.

Ambassador De Gama of Brazil reported at length today to Ministers of State, Argentina and Suarez of Chile, that the president had declared his fellow countrymen in the Mexican revolution to be traitors, and that he had departed for Mexico before the latter's departure for New York to participate in memorial to America's Vera Cruz.

No announcement was made by the results of the results of this conference, but from an authoritative source it was stated that among other things considered Ambassador Duggan took up with the president a report that Huerta had been ordered to furnish military force for the seizure of the Mexican light houses by American forces of Lobos Island off Tampico.

Not Altogether Wise

While it is understood that the reported seizure of the light house was referred to in an extremely guarded manner, there was a disposition to regard this action as not altogether wise in view of the armistice, even though it was intended merely as a precautionary measure.

LAST EDITION. Fair with stationary or little higher temperature.

VOL. V. EDMONTON, MONDAY, MAY 11, 1914. No. 112

NEW SENATORS TO BE APPOINTED FROM THE WEST

Four Senatorial Group of 24 Members From the Four Western Provinces

Ottawa, Ont., May 11.—Morning sittings of the house started today, and from now on rapid progress will be made with the senatorial program. Predictions are being made on both sides that the house will wind up by the end of the first week in June. However, that depends upon how contentious the Canadian Northern railway and redistribution bills will be. Some government legislation will have to be held over if the house closes that early.

It was officially announced today that the Canadian Northern railway resolution will be moved on Wednesday. Blue books containing much of the information in regard to the Canadian Northern railway financial standing were distributed this morning and will leave two days for the members to study these documents before the debate opens.

The bill relating to the Prudential Life Insurance company of Manitoba was put through the committee today and given a third reading without further amendment.

A Question of Law

Hon. H. J. Reid's bill to amend the customs was also reported and given a third reading. It provides for a drawback of the duty paid on iron and steel when used for the manufacture of goods exported to other countries.

During question time Dr. J. P. Moly (Provencher) asked if it was open to the member of any provincial legislature to accept pay for services from the dominion government. Premier Borden said that this was a class of question usually not answered because it involves a point of law. Any legislation allowing an M. L. A. to accept such emolument would be raised by the provincial legislature.

E. M. MacDonald (Pictou) was informed by Mr. Borden that the statement "the Canadian Northern railway company professes itself to be able under ordinary circumstances to take all the money necessary for the completion of the line" was made to the government by an officer of the Canadian Northern railway last year not long before it was communicated to the house.

Mr. MacDonald was also informed that the statement that the Canadian Northern railway would be running from Seattle to the Pacific by the present summer.

"If the same conditions prevailed as to labor," he said, "the annual revenue of the Canadian Northern railway when consideration of the Dominion Lands act was resumed, would be increased, he had decided to announce that the suggestion by W. A. Buchanan (Medicine Hat), W. E. Knowles (Steele) and others that the payment of interest in connection with the purchase of pre-emption bonds be provided that interest will be paid only upon such payments as are in arrears.

The bill was given a third reading.

Pre-emption Conditions

When the bill to increase the senate from 24 to 36 members was introduced, Premier Borden said this legislation would have to be confirmed by the senate. He said that the bill would come into consideration in the future, but that it was not yet ready to be introduced.

Sir Wilfrid Laurier said that parliament has the authority to increase the senate representation for Manitoba. He, therefore, suggested that the bill be taken up and that the government should ask the Imperial parliament to authorize the creation of a fourth senate seat for the province of Manitoba.

Mr. Borden said that he would consider the bill in the future except before the bill based upon the resolution which was passed, is proceeded with.

Drops Dead at Strick

Victoria, B.C., May 11.—Stricken with apoplexy, J. M. Sutton, aged 55, a noted geologist, and probably the greatest living authority on the geology of Vancouver Island dropped dead Saturday while running a survey line for a road at Ucluelet.

Canada's New Governor-General

CHALMERS' IDEAS REGARDING STREET RAILWAY ADOPTED

Committee of Operation, With the Mayor and Dr. Smith Absent, Recommends that the City Assume the Cost of the Paving Between Tracks and Have Straight Five-Cent Fare.

The committee of operation met again this morning to go into the question of street railway fares and the matter of charging the cost of pavement to the street railway. The committee was composed of Aldermen East, Aldermen Clarke and Kinney were in attendance.

The other members of the committee are Aldermen Smith and the mayor.

A motion was made by Aldermen Kinney and Clarke recommending that the city council be instructed to bring down the necessary bylaw or bylaws at the earliest possible time to submit to the council. The motion was carried without any discussion.

The question of fares was brought up and it was decided upon motion of Aldermen Kinney to recommend to the city council that the fare be straight five cents in the future except between the hours of 5.30 and 8 in the morning when eight tickets for 25 cents would be purchased. The price of children's tickets are to remain as at present.

Aldermen Kinney was asked why he had not adhered to his motion for nine workmen's tickets for a quarter and he stated that rather than have a quarter in the council he had thought it advisable to favor eight tickets for a quarter for the present.

Providing the city council approve the recommendation, Commissioner Chalmers will have the new schedule put into effect next Sunday morning.

The action taken today was in accordance with his recommendations.

GREATING LOVE OF GREAT DRAMATIST FOR WORLD PEACE

A. B. Flower of Stratford Players Tells of Shakespeare Birthday Festivities

CLEAR SUNSHINE AND "CHAMPAGNE OF AIR"

Actors Coming to City Have Played Before Students of Whole World

"There is more than the drama at the back of the movement. I don't know whether any here have been in Stratford on Shakespeare's birthday or not, but I wish you could see it. All nations of the world have presented their flags to Stratford and nine o'clock in the morning the flag of each country is unfurled by a representative of each country. There we are absolutely on common ground, the whole world is agreed on the greatness of Shakespeare. We feel that anything we can do to foster love for him helps along in no small way the cause of world peace."

In this way Archibald R. Flower, one of the original promoters of the organization which is to be the Shakespearean festival throughout the world, concluded a fine address before the Canadian club of Edmonton this afternoon in the Empire auditorium.

Mr. Flower, who is the prize which is usually sung spontaneously by visitors here, but he did it in an unusual way. He stated that when he came to Victoria, B.C., they knew the Shakespearean festival throughout the world, but he did it in an unusual way. He stated that when he came to Victoria, B.C., they knew the Shakespearean festival throughout the world, but he did it in an unusual way.

UNITED STATES CONSUL STATIONED IN HARBIN SUICIDE IN HOSPITAL

Harbin, Manchuria, May 11.—South American P. Warner, United States consul at Harbin, committed suicide today in a hospital here where he was undergoing treatment.

Mr. Warner had held the appointment here since August, 1912, but had been in the American consular service since 1904. He was born in Washington, D.C., in 1851.

His death was the result of a long illness, and not as an aggressive movement.

Some government officials took view that the order issued by Huerta last Saturday to shut down lighthouses on the Pacific coast might be considered as a violation of the armistice, inasmuch as it operates as a hindrance to shipping and the movement of American warships in Mexican waters. Selections of Justice Lamar and former Solicitor General Holmes to represent the United States in the mediation conference at Niagara Falls has been received with great satisfaction, and will be by the South American envoys.

"There is nothing to indicate a crisis in the relations between the United States and Mexico," said Secretary of State, but the foreign relations committee after a brief conference with Secretary Bryan, Secretary of the Navy, and the foreign relations committee, also conferred at length with Secretary Bryan, who said that among other things considered Ambassador Duggan took up with the president a report that Huerta had been ordered to furnish military force for the seizure of the Mexican light houses by American forces of Lobos Island off Tampico.

Not Altogether Wise

While it is understood that the reported seizure of the light house was referred to in an extremely guarded manner, there was a disposition to regard this action as not altogether wise in view of the armistice, even though it was intended merely as a precautionary measure.

EDMONTON TO BE PIVOTAL POINT ON PIONEER RAILWAY

Both Routes to Winnipeg Are in Splendid Shape Says Creelman

"Edmonton will loom large as an important center on the Canadian Northern transcontinental system," stated Robert Creelman, general passenger agent of that railway this morning. "We will have the main line running east and west, the Camrose-Calgary branch, the Athabasca line to the north, the Peace River branch, northwest, the Stony Plain branch west and there are several others under construction, including the Canadian Northern."

Mr. Creelman, whose headquarters are in Winnipeg, arrived in the city this morning, accompanied by Geo. H. Shaw, general traffic manager, and Geo. Stephen, general freight agent, of the Canadian Northern. They expected to leave for the east again tonight.

Asked as to the particulars of the new schedule which is expected to come into effect on June 1, Mr. Creelman stated that the details had not yet been worked out, but that Edmonton would have an improved service in many respects. He could not say when a transcontinental service would be announced, embracing the line between Toronto and Winnipeg and between Edmonton and Vancouver.

"Mr. Shaw came up on the main line all the way," stated Mr. Creelman, "while Mr. Stephen and myself came via Brandon and Regina, so that among us we have seen the whole road, which is now in first class shape the whole distance from Winnipeg west."

The trip which the Edmonton Industrial association is taking to Toronto should prove to be one of the best adventures this district has ever had, and wish them every success in the undertaking.

PREMIER ASQUITH MAKES ANNOUNCEMENT ABOUT ULSTER GUN RUNNING

London, May 11.—In the house of commons today, Premier Asquith announced that it had been decided not to take criminal proceedings over recent Ulster gun running, but that certain other steps would be taken. The prime minister also said that whatever conversations were proceeding between the heads of the political parties were confidential at present, but that the fullest opportunity subsequently would be afforded the house for discussion.

POLICE WATCHING I.W.W., WHO ARE EXPECTED TO HOLD A PARADE TODAY

The police are keeping a strict watch on the doings of the I.W.W., as a disturbance is expected. Last night a number of the members were cleared from the street where they were gathering and making speeches. This morning between 275 and 300 foreigners marched to the I.W.W. headquarters and held meetings, and it is understood that there will be a meeting and parade this afternoon.

CHALMERS' IDEAS REGARDING STREET RAILWAY ADOPTED

Committee of Operation, With the Mayor and Dr. Smith Absent, Recommends that the City Assume the Cost of the Paving Between Tracks and Have Straight Five-Cent Fare.

The committee of operation met again this morning to go into the question of street railway fares and the matter of charging the cost of pavement to the street railway. The committee was composed of Aldermen East, Aldermen Clarke and Kinney were in attendance.

The other members of the committee are Aldermen Smith and the mayor.

A motion was made by Aldermen Kinney and Clarke recommending that the city council be instructed to bring down the necessary bylaw or bylaws at the earliest possible time to submit to the council. The motion was carried without any discussion.

The question of fares was brought up and it was decided upon motion of Aldermen Kinney to recommend to the city council that the fare be straight five cents in the future except between the hours of 5.30 and 8 in the morning when eight tickets for 25 cents would be purchased. The price of children's tickets are to remain as at present.

Aldermen Kinney was asked why he had not adhered to his motion for nine workmen's tickets for a quarter and he stated that rather than have a quarter in the council he had thought it advisable to favor eight tickets for a quarter for the present.

Providing the city council approve the recommendation, Commissioner Chalmers will have the new schedule put into effect next Sunday morning.

The action taken today was in accordance with his recommendations.

REVERENT RECEPTION TO THE VICTIMS OF THE MEXICAN CRISIS

Not Since the Dewey Parade Has There Been Such a Spontaneous Demonstration—President Wilson, Senators, Congressmen and Representatives of Commonwealth Attend.

New York, May 11.—The dead from Vera Cruz were landed on American soil today and city, state and national paid their tribute.

Two hours before the city was astrid the draped coffins were removed from the back of the armored cruiser Montana, and placed on caissons on the plaza in Battery park. Five witnesses at this ceremony, for the sun was hot but rain fell from the sky. The procession went to the navy yard. Perhaps not since the Dewey parade has there been such a spontaneous demonstration.

HON. W. T. FINLAY FORMER MINISTER DIES IN VANCOUVER

Held Two Portfolios in Alberta Government from 1905

ILLNESS RESULT OF STRENUOUS CAMPAIGN Never Been Really Well Since, and Succumbed to Brain Hemorrhage

Vancouver, May 11.—Hon. W. T. Finlay, of Medicine Hat, formerly minister of agriculture and provincial secretary for Alberta died in Vancouver general hospital Saturday night. He was taken sick here six weeks ago with hemorrhage of the brain. Mr. Finlay was then on his way home to the prairies from California. He leaves two sons and three daughters besides his widow.

Medicine Hat, May 11.—The death of the Hon. W. T. Finlay, though not unexpected came as a shock to the people of Medicine Hat. His illness dates back to his election campaign in 1905, when returning from a trip all over his then large constituency. He was taken seriously ill as a result of exposure and he has never been really well since. Deceased was a Mason and the Masons at once took charge of the remains, which are being sent to Medicine Hat for burial.

Lumber Merchant and Rancher. Hon. William Thomas Finlay, lumber merchant and rancher, was born in Edmonstown, Ireland, July 21, 1854, and was educated at the Royal Academy Institute at Belfast. He came to Canada in 1874 and came West to British Columbia from Toronto in 1882. A year later he settled in Medicine Hat Alta. before the railway had reached that town, and established a business. His business prospered and Mr. Finlay shortly entered public life. He was mayor of Medicine Hat in 1900 and 1902, and was an ex-president of the Medicine Hat hospital.

Mr. Finlay was elected to the north west legislature in 1902 to the Alberta legislature in 1905 and was re-elected in 1908. He became minister of agriculture and provincial secretary upon his election in 1908 retiring from office owing to ill health in 1910.

"TIZ" FOR CHAFED, SORE, RED, SWEATY, CALLOUSED FEET AND CORNS.

"TIZ" for chafed, puffed-up, sweaty, calloused feet and corns.

You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty and they need "TIZ."

"TIZ" makes feet remarkably fresh and pure. "TIZ" takes the pain and burn right out of corns, calluses and bunions. "TIZ" is the grandest foot-gladdener the world has ever known.

Get a 25-cent box of "TIZ" at any drug store and end foot trouble for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit and you'll enjoy each step you have tried "TIZ" sooner. Accept no substitute.

JOHN BURNS' VIEWS ON STOCK YARDS SITUATION

Expresses Satisfaction That City Will Consult Existing Packers and Railways

50 OR 60 ACRES IS "OCEANS" FOR SITE Big Company Willing Co-operate With Others Provided Site is Convenient

"I think it was a wise move on the part of the city to ask the existing packing companies and others interested to be represented at the meeting to be called to consider the question of stock yards for Edmonton," stated John Burns, general manager of the Burns company, when he was in the city Saturday.

"This is a big and important thing," he added. "And if the city makes a mistake in the selection of a site or in some other way the union stock yards will not be the success it should be and otherwise would be."

"Our company is willing to co-operate with the city and the other interested parties and buy our stock at the union yards, provided they are situated in the proper place, which should be as near as possible to the two plants now in Edmonton, and the third which I understand is going there."

"Then, after our packing plants and other interests would be in one group, and if there were any difficulties or misgivings connected with such a plan, they would be confined to one district."

"Of course, if you provide these facilities in the proper way, you will undoubtedly have other packing plants. Some of the other eastern packers are sure to come here pretty soon, as Edmonton is destined to be one of the greatest live stock centers on the continent."

"I am glad that the packers already in the city are to be consulted. They are tried before to get some information as to proposed stock yards here, but I am sure that the city will be wise in the contemplation stage."

"How much would be required for such a site? I think 50 or 60 acres would be necessary. Its location must be best."

And as to the intentions of the Burns interests to expand north of Edmonton and east into Saskatchewan, Mr. Burns stated that they had been so busy keeping up with the development of the Calgary and Edmonton districts that the matter of expansion had never been thought of so far. However, he stated that it was possible that if conditions were right they would build plants both east and north of Edmonton.

WHITE SLAVERY IN CANADA DECREASING SAYS REV. T. A. MOORE

Reverend T. Albert Moore, general secretary of the temperance and moral reform department of the Methodist church, stated yesterday that he was of the opinion that the world was growing better.

"Certainly the vice of Canada is decreasing since the amendments to the criminal code have been made in connection with what is generally termed white slavery."

Mr. Moore left for Athabasca this morning and will return tomorrow night. He is intended to go to the annual conference of the Methodist church in British Columbia and upon his return will attend the conference at Calgary.

Mr. Moore stated that reports from different parts of the province for prohibition in 1913. The fact that hotel keepers was one of the greatest of incentives for prohibition.

INSTRUCTS TROOPS ALLOW NO BRINGING IN STRIKE BREAKERS

Trinidad, Colo., May 11.—President Wilson through the war department yesterday instructed Col. James Lee, commanding of federal troops in Southern Colorado, to permit no importation of strike breakers and announced that a time limit of 30 days at once within which delivery of arms must be completed, according to a statement by Major W. H. Holbrook. Major Holbrook said that subjects would be treated in proclamation later.

Social Democrats to Meet. Local 13 of the Social Democratic party will meet on Thursday next in the Moose hall. Comrade Gillsbitt will read a paper on "Socialism, the Only Remedy."

FIRST PARK DEDICATED TO MUSICAL PROGRAM

Alderman May Tells Large Crowd Present Other Improvements to Follow

PRaises FORSIGHT OF MEN WHO BOUGHT LAND

Opposition Only From Those Who Can Afford to Winter in California

The new pavilion and bandstand in the East End park, the first of Edmonton's permanent park improvements to be completed, was officially opened yesterday afternoon with a concert of the Citizens' band and a speech by Alderman May, chairman of the parks and recreation committee of the city council. Commissioner Harrison of the parks and recreation department was also present. A crowd of between 2,500 and 3,000 was in attendance, and much pleasure the many improvements made since last fall.

Alderman May said: "The development of our parks and playgrounds is a matter that has been before the city for the last four or five years. As far back as that we have had men in the city who foresaw the needs of the city and its inhabitants for open spaces and who have acted on such belief and bought such spaces as the West End park, East End park, and Riverside park on the south side. We have seen how this need has been increased, especially in the year 1912, until we now have about 1,000 acres of land available for parks and playgrounds."

"This is our foundation and now we have started to develop it in such a way that in the course of a few years we will have real parks capable of giving rest, recreation and enjoyment to thousands of people, in any kind of weather, and yet preserve as much as possible the charm of wild nature. Our charter provides that we can take three-quarters of a mill of our tax rate and devote it to parks and recreation. This provision of the charter is not popular, especially with those who own much property and are rich enough to neglect their own interests. But the parks are for the people in general, and we must have them in this position; we must have them here and since we cannot enjoy the civilization of other countries the best thing we can do is bring that civilization over here and develop our city so that it is a fit place to live. That cannot be done without expense of money, of labor, of brains, and it cannot be done without a public spirit that is willing to make such an expense, but if that public spirit is there, if the people of Edmonton have an earnest wish to be citizens of a city whose development is second to none in Canada, then the expense of making parks, playgrounds and boulevards can be undertaken with a firm confidence that it will be for the benefit of the city and those who live in it today and those who will come after them."

The pavilion which is now dedicated to its use is the first piece of permanent work completed this year. It will be followed, rapid succession by others, by playgrounds, swimming bath, a promenade of College avenue, athletic fields, in short everything that will tend to make parks out of bare hillsides, wild woods and sloughs. We expect to have these improvements ready as summer progresses until October, when we will be able to open a municipal swimming bath to the public and thus make 1914 an important one in the development of Edmonton's parks and playgrounds.

The acoustic properties of the new bandstand are good. This is because it is in the shape of a shell, instead of that of a shell. The sound is not thrown out, but up and back. The sound is a combination of the sound, while the bandmen are confused and cannot hear the other instruments. In the bandstand was also proved in the case of Alderman May. The alderman has a fine carrying voice, but he could not be heard any distance yesterday and then only faintly.

The musical program follows:

"O Canada" March, "Chicago Tribune" Anon Overture, "Zampa" Godin Waltz, "December" Godin Selection, "H.M. Pinaflore" Sullivan Grand Opera, "Ernest" Verdi Selection, "1914" Kerry Mills Selection, "The Girl of the Year" Grand march, War March of the Patriots

Madame Nordica, Great American Prima Donna, Dies from Pneumonia in Java

SHIPWRECKED WHILE MAKING WORLD TOUR Married Life Was Not a Success; Real Name Lillian Norton.

Batavia, Java, May 11.—Lillian Nordica, singer, died here tonight.

Mrs. Nordica had been ill since the steamer Tauran, on which she was a passenger, went ashore on Bramble Bay, in the Gulf of Papua, December 28 last. Nervous prostration, due to her experiences, was followed by pneumonia.

Lillian Nordica was among the two or three most famous American prima donnas. She was born at Farmington, Maine, in 1858, her real name being Lillian Norton. Her first singing teacher was John O'Neill of the New England conservatory. Her first public appearance was as solo soprano at Grace church, Boston, in 1875. In 1878 she was engaged for one hundred appearances in Europe with Gilmore's band, after which she went to Milan and studied for opera under San Giovanni, who gave her the stage name of Mme. Nordica. The American tour, Nordica was conducting a small opera house at Brescia, where he also sang the leading tenor role. In 1889 Mme. Nordica obtained an engagement there, making her debut in opera as Violetta in "La Traviata."

Debut in Paris. She sang that year in other Italian cities and then went to St. Petersburg, where she was very successful. Later she sang in Dantzig and in Koenigsberg. She had now established her reputation and was offered an engagement as leading soprano at the Grand Opera, Paris. She made her debut there in July, 1881, as Marguerite in Faust. In December of the same year she sang in "Hansel and Gretel." While in Paris she met Frederick A. Gower, a newspaper man and inventor of Providence, R.I., and in 1882 they were married.

The marriage did not prove a happy one, and in 1886 she set about getting her freedom. When her suit was pending came the news that Mr. Gower had succeeded in a balloon, for the purpose of making a trip across the English channel, and had not been seen since. His disappearance has never been explained.

Reappears in America. In 1891 Col. Maghera engaged Mme. Nordica for appearances here and she made her debut as an opera singer in her own country at the Academy of Music on November 26 of that year as "Marguerite" in Faust.

In the summer of 1894 Mme. Nordica, in response to an invitation from Cosima Wagner, sang Elsa in Tristan and Isolde at Bayreuth.

She achieved a sensational success and was promptly engaged to sing in the Metropolitan opera house in New York. She was engaged to sing in the Metropolitan opera house on December 5, singing Elsa in Tristan and Isolde.

Three Times Married. In 1890 she married Zeltan F. Doene, an Hungarian tenor, while they were in Indianapolis visiting at a festival concert there. The marriage was ended when Madame Nordica obtained a divorce from him in February, 1904. At that time she was making successful concert appearances throughout the country.

On July 30, 1905, she was married in London to George W. Young, the New York banker.

She was on a world tour when she was shipwrecked on Bramble Bay in the Gulf of Papua, December 28, 1905. The body of Madame Nordica is to be sent to the United States. It will leave here on May 16 enclosed in a Chinese casket.

VOICE OF FAMOUS SOPRANO WILL BE HEARD NO MORE

Madame Nordica, Great American Prima Donna, Dies from Pneumonia in Java

SHIPWRECKED WHILE MAKING WORLD TOUR Married Life Was Not a Success; Real Name Lillian Norton.

Batavia, Java, May 11.—Lillian Nordica, singer, died here tonight.

Mrs. Nordica had been ill since the steamer Tauran, on which she was a passenger, went ashore on Bramble Bay, in the Gulf of Papua, December 28 last. Nervous prostration, due to her experiences, was followed by pneumonia.

Lillian Nordica was among the two or three most famous American prima donnas. She was born at Farmington, Maine, in 1858, her real name being Lillian Norton. Her first singing teacher was John O'Neill of the New England conservatory. Her first public appearance was as solo soprano at Grace church, Boston, in 1875. In 1878 she was engaged for one hundred appearances in Europe with Gilmore's band, after which she went to Milan and studied for opera under San Giovanni, who gave her the stage name of Mme. Nordica. The American tour, Nordica was conducting a small opera house at Brescia, where he also sang the leading tenor role. In 1889 Mme. Nordica obtained an engagement there, making her debut in opera as Violetta in "La Traviata."

Debut in Paris. She sang that year in other Italian cities and then went to St. Petersburg, where she was very successful. Later she sang in Dantzig and in Koenigsberg. She had now established her reputation and was offered an engagement as leading soprano at the Grand Opera, Paris. She made her debut there in July, 1881, as Marguerite in Faust. In December of the same year she sang in "Hansel and Gretel." While in Paris she met Frederick A. Gower, a newspaper man and inventor of Providence, R.I., and in 1882 they were married.

The marriage did not prove a happy one, and in 1886 she set about getting her freedom. When her suit was pending came the news that Mr. Gower had succeeded in a balloon, for the purpose of making a trip across the English channel, and had not been seen since. His disappearance has never been explained.

Reappears in America. In 1891 Col. Maghera engaged Mme. Nordica for appearances here and she made her debut as an opera singer in her own country at the Academy of Music on November 26 of that year as "Marguerite" in Faust.

In the summer of 1894 Mme. Nordica, in response to an invitation from Cosima Wagner, sang Elsa in Tristan and Isolde at Bayreuth.

She achieved a sensational success and was promptly engaged to sing in the Metropolitan opera house in New York. She was engaged to sing in the Metropolitan opera house on December 5, singing Elsa in Tristan and Isolde.

Three Times Married. In 1890 she married Zeltan F. Doene, an Hungarian tenor, while they were in Indianapolis visiting at a festival concert there. The marriage was ended when Madame Nordica obtained a divorce from him in February, 1904. At that time she was making successful concert appearances throughout the country.

On July 30, 1905, she was married in London to George W. Young, the New York banker.

She was on a world tour when she was shipwrecked on Bramble Bay in the Gulf of Papua, December 28, 1905. The body of Madame Nordica is to be sent to the United States. It will leave here on May 16 enclosed in a Chinese casket.

First State Visit in Reign. London, May 11.—The arrival in England Saturday of the king and queen of Denmark marks the commencement of first royal state visit paid during the reign of King George V.

SASKATOON COLLEGE PRINCIPAL SPEAKS TO LOCAL STUDENTS

Reverend Doctor Oliver, principal of the Presbyterian theological college at Saskatoon, gave the annual baccalaureate address at the First Baptist church yesterday evening. A large body of students from the university and other colleges of the province of Alberta attended on mass, some of the members of the graduating class occupying the front row.

Professor Oliver chose for his text the passage "I thank thee, O Father, Lord of Heaven and earth, that thou hast hid these things from the wise and prudent, and hath revealed them unto babes."

The speaker's opening words were, "The Christian religion is neither culture nor politics. It is the life of the heart." He stated that at the time the words of the text had been spoken the civilization in Greece and Rome had reached a very advanced stage and it was from here that a great deal of the present day civilization had been received.

Dr. Oliver made Paul of Tarsus an inspiring example to his auditors. "Here was a man of great intellectual ability and instead of writing brilliant classical works he had followed the advice of his conscience. In expounding the truth through Christ Jesus he received a life of culture and ease, he replied, 'It was not dissatisfied to live and the black and scarlet of the masters' books, gave a bright touch of color to the occasion. His honor, Lieutenant Bulger, president Tor, of the University, Prof. Kerr, dean of the University, Dr. J. H. Hildell, president of Alberta College, Prof. Oliver, of Saskatoon, Prof. Miller, of Robertson Presbyterian college, and Rev. F. W. Patterson, pastor of the First Baptist church, occupied seats on the platform."

The scripture lesson was read by Dr. Tor, and the invocation was offered by Rev. Mr. Patterson.

Killed Cleaning Gun. Kenora, Ont., May 11.—Peter McCormick, aged 22, son of Mr. and Mrs. McCormick of this place, was killed by the accidental discharge of a gun which he was cleaning.

THOUSANDS ARE FLOCKING INTO THE PEACE RIVER

Many People Wait at Port
Cornwall for Opening of
Northern Navigation

**STANDING ROOM IS AT
PREMIUM ON TRAINS**
Rush Will Increase with Jour-
ney Shortened by Operation
of Boats

"Although it is not expected that the immigration to Alberta will be as large as last year, the influx into the province, especially from south of the line still goes on," declared Charles E. Hotchkiss, chief publicity agent for the province to the Capital today.

The evidence is that the immigration will be larger than was looked for a few months ago, and that the people come here in search of employment, but the number of those coming to take up land does not appear to be falling off. Thousands of people will go into the Peace River this spring and summer.

Train leaving the Edmonton, Dun-
vern yards for Port Cornwall are
crowded to the utmost limit and stand-
ing room is at a premium. Dr. J. K.
McLennan, secretary of the Edmonton
Harbour and R. C. railway expressed
the opinion that many people had gone
into the north a little too early. The
trains have been crowded for several
weeks past and about Port Cornwall
the present terminus to the Peace
River is a long journey.

After leaving navigation on Lesser Slave
Lake is expected to open and the jour-
ney will be very considerably shortened.
A large number of people are ex-
pecting to go to Port Cornwall, and
waiting at Port Cornwall for transpor-
tation into the Peace River, many, however,
are anxious to get into the north
and take up land that they
hope to wait for a few days and
then sailing to undertake a long
and arduous journey in consequence. With
the opening of navigation, Dr. McLen-
nan declares, the rush will be much
greater.

The Winnipeg office of the Alberta
government publicity department has
been inundated with inquiries during
the past week and the staff has had
to be increased. Dr. J. K. Daley, Alberta
agent in Winnipeg, states that he
has assistants meeting the incoming
trains are quite satisfied that Alberta
is getting her share of the newcomers.

IMPORTANT FRENCH SPEAKING CONGRESS TO BE HELD IN JUNE

At a well attended meeting held in
the Commercial hall on Saturday
afternoon, for the purpose of organ-
izing for the next French congress, it
was decided that it should be held on
June 8, 9, and 10.

The officers of the Societe de Parler
Francaise state that they expect this
congress will be more successful than
any yet held. Among the prominent
men who have promised to attend are
Archbishop LeGard, Bishop Macdonald
and Charles-Edouard, A. Turgeon, at-
torney-general of Saskatchewan, Hon.
J. D. Brien, provincial secretary, Mani-
toba, Senators Piquet, Foirer and
Belmont, Hon. Chief Justice Landry,
Hon. J. G. Brien, and others.

The meeting on Saturday was
presided over by Hon. Wilfrid Gariepy,
minister of municipal affairs, who, af-
ter explaining the object of the con-
gress, introduced the following speakers:
Rev. Fathers LeMarchand, Hudon,
Gauthier, Francis Simard, and
Joseph Plante and A. Gaultier.

Motion was made of the splendid
franchise the French race has had in
Canada, and the fact that the "crite-
rie canadien" exists, not only between
two great nations of Europe, Eng-
land and France, but also a friendly
degree between the two great races of
the dominion.

Before the course of the meeting,
the secretary of the Societe de Parler
Francaise, Ernest Bibeaud, was pre-
sented with an address and with a
propaganda gift from his many friends
on the occasion of his marriage.

SCHOOL DEBENTURE BRANCH SELLS BONDS FOR PAR AND UPWARDS

A V. Allen, head of the school de-
benture branch of the department of
education, announced today that the
department had succeeded in selling
\$4,000 worth of debentures for inde-
finite. The debentures are to run
20 years and bear seven per cent. in-
terest. The money is required for a
new brick school. The price re-
alized was \$104.32. The purchasers
were May and James, Regina.

A block of rural school debentures
amounting to \$17,300 sold for par. These
16 year debentures and carry seven
per cent. The Hargre and Erie Land
and Savings company, of London, Ont.,
were the purchasers.

Another block of rural school de-
bentures amounting to \$14,300, 10 years
at seven per cent, are being put on the
market today.

POOR WORKING GIRL RECEIVES FORTUNE FROM RICH UNCLE

Calgary, May 11.—What would you do
if you were broke and some one was
unexpectedly to leave you \$25,000?
This is just the position in which a
young lady in Calgary found herself
one day last week, and she has not yet
been able to decide what she will do,
though she has several plans for the
future.

Miss Marguerite Laro, whose home
is in a small village near Havilland,
Man., received word on Monday that
she had fallen heir to \$25,000 by the
death of a rich uncle who passed away
a few weeks ago in England.

Burns and Mavor, solicitors, are now
arranging to have the property trans-
ferred to the young lady and have ad-
vanced her sufficient money to take her
to her home in the States and to carry
her along until such time as the estate
is wound up.

Miss Palmer arrived in Calgary
about three weeks ago from Toronto
thinking she would be able to secure
a position as a stenographer, but after
looking about was unable to find a
suitable place. Funds were getting low
and she was rapidly reaching a point
where she would be alone in a strange
country thousands of miles from
home and without a dollar. There
came a day about two weeks ago when
the young woman's board was due and
the total cash on hand amounted to
12.75. Then she received a notification
that she was a stenographer that she
was not to work, however, but as a maid
in a fashionable boarding house in the
western section of the city. The young
lady who was a graduate in arts from
a leading college down in the States,
was not very strong on housework,
but she was "broke" and she was
hungry and she did not know what to
do when she was at times discouraged.

Imagine her surprise then on Mon-
day when she received a letter which
had been forwarded to her from her
home village and which informed her
that her uncle had died and that she
had made her his sole heir. It was
stated in the letter that the property
of her uncle had been divided into
the wine district, which is located
near the town of Selkirk, in Nova
Scotia; a small estate in New York
and about \$27,000 in
stocks, bonds and cash.

Miss Palmer consulted friends who
advised her to put the letter in the
hands of Burns and Mavor, solicitors,
in this city. Mr. Burns called to the
office and has received a reply that
the fortune is as stated in the let-
ter.

The young lady left Saturday for her
home in the States, where she will ar-
range some personal matters, after
which she will return here and wind
up matters. She may later visit Eng-
land.

EXPLORERS FIND TEN INDIAN TRIBES AND BIG TRACT NEW LAND

Philadelphia, May 11.—Col. Roose-
velt, who declares he has discovered a
new river in Brazil, will have to share
the laurels in that field of exploration
with the leaders of the University of
Pennsylvania Amazon expedition, who
announced in a letter received here
today the discovery of 10 hitherto un-
known and unidentified Indian tribes,
and the placement on the map of a
vast tract of Brazilian territory.

Dr. William C. Fawcett, head of the
exploring party, has received a letter
that he reached Georgetown, British
Guyana, April 19, after a year spent in
the Amazon basin and the highlands
which divide Brazil from the Guyanas.

The party, the letter continues, experi-
enced terrible hardships while travell-
ing the jungle, and were compelled to
live on monkey and alligator flesh
when their regular food supply was
cut off. The contents of the letter
were described in the invoice as follow-
ing pieces manufactured in the United
States. They were consigned to an
English firm at Wolverhampton, for
delivery at Dublin.

MORE GUN RUNNING INCIDENTS REPORTED, ARMS FROM U. S. A.

London, May 11.—Another serious
gun-running episode is reported from
Brazil, but also a report of a storm-
bound at Carrick Pargus a
steamer landed the component parts
of 21 field guns on the coast of Con-
go. There will be assembled by
former artillerists from the Woolwich
arsenal and other dock yards who have
become members of the Ulster army.

Dublin, May 11.—The customs au-
thorities today seized 20 cases of arms
on the steamer Lord Shaftesbury from
Hull. The contents of the cases were
described in the invoice as follow-
ing pieces manufactured in the United
States. They were consigned to an
English firm at Wolverhampton, for
delivery at Dublin.

Lawyers try to stop
deportation woman
married to Canadian
Calgary, May 11.—The legal repre-
sentatives of Mrs. Margaret McFarlane,
who was spirited out of the city by the
police and immigration authorities
last week, who had been deported to
England as an undesirable, will appeal
to Justice Walsh tomorrow in her be-
half. The public works of Canada
across the continent in the custody of
the immigration officials. She had
served a term in jail for being a
disorderly house, and while her de-
portation was being considered, had
married a Canadian citizen. Because
of this circumstance her lawyers con-
tend that the action of the officials
was unwarranted.

Labor Cases Up Again.
Washington, D.C., May 11.—The Con-
tinue sentences imposed by the Dis-
trict Supreme Court on Samuel Con-
ners, John Mitchell and Frank Morris-
ette, labor leaders, were set aside today
by the Supreme Court for the second
time as barred by the statute of limita-
tions. Justice Holmes, in his opinion,
said that the cases were not to be treated
as conspiracies, a point urged upon the
court in behalf of the labor leaders.

TWO WETASKIWIN HOTEL LICENSES ARE ABROGATED

Commissioners Find Conduct
Not Satisfactory and Hotels
Not Needed

**OTHER HOTEL MUST
MAKE IMPROVEMENTS**
Only Two of Six Licenses in
Town Recommended With-
out Condition.

Applications for the renewal of the
five hotel licenses in Wetaskiwin came
before the license commissioners at
their meeting in the town today. Two of
them in regard to the Alberta and the
Royal hotels were not recommended,
the grounds given being that the past
conduct of the houses had not been
satisfactory and that the licenses are
not required for the convenience of the
public. The application in regard to the Prince
of Wales hotel, Wetaskiwin, was ad-
vised to May 27 at Edmonton. The
license of the Criterion hotel was
recommended for renewal subject to
the completion of improvements sug-
gested by the inspector. The commis-
sioner also recommended the renewal
of the Diard hotel, Wetaskiwin, and
R. J. Thomson's white house license.

Other applications considered at the
same meeting and recommended were
as follows:

Ed. J. Peller, Rossmore hotel, Bittern
Lake.
William Paul, Grandview hotel, Oxa-
ton.
Arlington hotel company, limited,
Arlington hotel, Camrose.
E. E. Lawrence, Windsor hotel, Cam-
rose.
Camille David, wholesale, Camrose.
Balfour and Ward, Angus hotel, Day-
land.

Miss McIntyre and McIntyre, Alberta hotel,
Dayland. (Recommended during cur-
rency of present leave.)
M. Nelson, wholesale, Dayland.
J. T. Baker, Union hotel, Haffey.
T. E. Skagen, Florence hotel, Kil-
ham.

John Graham, Lakeview hotel, Strom-
strom.
W. J. Haynes, Pioneer hotel, Sedge-
wood.
F. E. Bretall, King Edward hotel, Hardisty.

Central Alberta Hotel company, Cecil
hotel, Hardisty.
J. C. Nielsen, Alberta hotel, Bashaw.
Andrew Hutson, Hotel Provost, Provost.
Linbarts and Sellers, Leland hotel, Ponoka.

Klockner and Morgan, Royal hotel, Ponoka.
Moses Nozick, King George hotel, New Norway.
C. V. O'Hara, Grandview hotel, Loug-
heed.

J. N. Hayland, Hotel Haviland, Don-
ald.
Albert Livingstone, Livingstone hotel, Fort-
Festoon.
G. A. Calvert, Imperial hotel, Mirror.
H. T. Beagle, Imperial hotel, Mirror.
(Transfer.)

FIGHTING JOE GIVES WHOLESOME ADVICE TO EMPIRE LOUDERS

London, May 11.—Joseph Martin, M.
P., for East St. Paul, declares that
he considers the dispatch published by
the Times on Saturday from his Tour
onto to correspondent in which strag-
gles was laid out as a "re-education of
Canada," as very dangerous. The cor-
respondent mentions the need for
"a more vigorous re-education of the
people of the United Kingdom, the
better. One strong reason for making
the British Empire popular is that the
Canadian people are allowed to pursue
their own fancies and manage their
own affairs."

SETTLEMENT ARRIVED AT BETWEEN PARTIES REALTY TRANSACTION

A settlement has been arrived at in
the Supreme Court case in the case
of Jennie S. M. Gresham v. John P.
Hogan and Victor Hugh Smith, joined
as third party. The action concerned
the sale of lot 167, Block 4, in the
Hudson's Bay reserve, which the de-
fendant Hogan agreed to purchase for
the sum of \$20,000, paying \$4,000 cash
and the balance in semi-annual in-
stallments of \$2,000. Plaintiff stated
that defendant had defaulted and de-
fendant Hogan contended that he had
sold the lot to the other defendant,
whom plaintiff had agreed to accept
as purchase money.

The parties agreed upon a settle-
ment.

Mrs. William Pugsley Dead.
St. Catharines, N.Y., May 11.—The
wife of Mr. J. W. Pugsley, of St. Catharines,
K.C., D.C.L., M.P., former
member of the Public Works of Canada
occurred this morning at her home, 7
Calipman Hill, after an illness of several
months. She is survived by her
husband, and two sons, William G.
Pugsley, of Montreal, and John A.
Pugsley, of this city. Three grand-
children and four sisters, Mrs. George
F. Burpee, of Vancouver; Mrs. Herbert
Hall, of Lloydminster; Sarah, Mrs. D.
A. Pugsley and Mrs. Henry Gilbert, of
Rothsay. The funeral will take place
on Wednesday afternoon.

London, May 11.—Weak and emaciated
as a result of her hunger and thirst
strike, Marie Wood, the militant suffra-
gette who mutilated Sargent's portrait
of Henry James, was released from jail
today.

DIED.
May 4th, at the General Hospital,
Ennis, Lawrence Tyrer, of Edmon-
ton, aged 24 years.

The Hudson's Bay Company

QUEBEC MARRIAGE CASE AGAIN HEARD BY PRIVY COUNCIL

Considerable Time Will be Taken to Formulate Judgment Says Haldane

WANT TO KNOW OF OLD FRENCH LAWS

Lords Ask Both Sides to Furnish Authorities Previous to Code

London, May 11.—The Quebec case of Despres versus Tremblay concerning the annulment of marriage between cousins in the fourth degree who married without episcopal dispensation, was resumed today before the privy council. The lord chancellor asked Mr. St. Germain, who upheld the validity of the marriage, to furnish the authorities on the old French law in Quebec. Mr. St. Germain added that it would have been absurd and repugnant to compel the Protestant churches which were recognized to have jurisdiction in dispensing the validity of their own marriages. Protestant ministers, as well as Roman Catholic priests, were authorized to keep registers, he said. Lord Moulton—"We have to determine how much of the old law survived to the present. The constitutional changes means never to have been formulated at all."

Beats Two Constructions
Lord Haldane, dealing with the code and provisions, said that article 127 bore two possible constructions. It either perpetuated the old impediments or else it said that such old impediments were not to be treated as bad in civil law but as purely spiritual impediments.

Mr. St. Germain submitted that if such impediments were purely spiritual, the code would have added that dispensation remained in such hands as formerly.

Lord Haldane: "In the English law concerning the marriage of deceased wife's sister it was specially provided that a clergyman who refused to celebrate such marriages should not be proceeded against."

Marriage a Civil Contract
"When we have the position of a church to deal with, we always insert a saving clause to have religious disabilities, but we always insert the recognition of marriage as a civil contract."

At a later stage Lord Parker remarked that his difficulty was to formulate a consistent theory between the civil and church law if Mr. St. Germain's arguments for nullity were good.

Mr. St. Germain, answering the lord chancellor, said:

"Prior to the code a disputed marriage was referred to the bishop and a civil court would afterwards confirm the church's action."

Lord Haldane said that there seemed to be very little authority before the code was framed.

Wants Authorities
After further argument the lord chancellor asked both sides to furnish the council with possible authorities on the subject. It would not be permissible, he said, for the opinions of the commissioners who framed the code to be given, but the council was anxious to be fully informed of what the law was prior to the code. A considerable time would be taken to formulate a judgment in this case, concluded his lordship.

Lord Moulton, in supporting Lord Haldane's request for both sides to furnish all their authorities, said it would not be great care.

FOUR BURN TO DEATH IN APARTMENT HOUSE BLAZE, NEWARK, N. J.
Newark, N.J., May 11.—Four persons were burned to death yesterday here in a fire which swept through a large brick and stone apartment house on Broad street. Three of the victims were males and one a female. A. H. Young, a retired Presbyterian clergyman, who was taken out of the building, but who died later in the hospital. The smoke filled the stairs, which became impassable and those who escaped were assisted down ladders by the firemen.

Will Try "Come Back."
Vancouver, May 11.—Chet McIntyre, former physical director of the Vancouver Athletic club, will attempt to "come back" in the boxing game tonight, when he meets Battling Johnson, a California light heavyweight, in a four-round bout here.

Children Cry For Fletcher's Castoria

Gives up Hope Because of Drink

The drink habit is a discouraging habit both to the drinker and to the family. Drinking men promise themselves that they will stop drinking, but always fail to do so, because the craving for drink is stronger than the power to resist. If you are discouraged by repeated failures to stop drinking, investigate the New Drink Habit Treatment. It is a safe, sure, and pleasant remedy that removes the craving for drink without the use of any harmful medicine. It is a sure cure for the drink habit. Call on your nearest dealer for full particulars. Get the New Drink Habit Treatment. It will make you a sober man.

SUFFRAGETTES EXPLODE BOMB IN C. H. SPURGEON'S FORMER TABERNACLE

London, May 11.—A bomb placed by suffragettes exploded Sunday afternoon in the gallery of the Metropolitan tabernacle in South London, an edifice made famous by the late Rev. Chas. H. Spurgeon.

Little damage was done by the explosion. It is believed that the bomb, which consisted of a canister containing about two pounds of powder, was placed in the gallery during the singing service, which ended at half past 2 o'clock. An hour later the caretaker in the tabernacle was startled by the explosion.

Near the spot where the bomb exploded was a card on which was written: "Put your religion into practice and see that all women obtain their freedom."

NINETEEN YEAR OLD GIRL NOTION OF FOUL MURDER

Brutal Outrage Committed in Rear of Montreal Shoe Store

DISGRUNTLED WORKMEN ARE UNDER SUSPICION

Provincial and City Police Both Busy; Expect to Make Arrest Today

Quebec, May 11.—One of the foulest and most brutal murders ever perpetrated in Quebec was committed here this morning in St. Sauveur ward, when Marie Blanche Dubois, aged 19 years was beaten to death with a hammer in the rear of the shoe store which was conducted by her and her brother.

This morning about half past ten o'clock somebody rang the bell at the private entrance. Miss Dubois answered the door, and calling up stairs she told her mother that there was a man who wished to change a pair of shoes which did not fit. She took the key to open a door communicating from the passage to the private entrance to the store and evidently let the man in. As she had not returned in half an hour, her mother became anxious and called down to her. There was no reply, and the mother on descending the stairway found the door leading to the store open. She entered the shop, but could not find her daughter anywhere, and again called her without receiving any answer. Then she saw a door to the rear of the shop in the rear of the main store and to her horror she saw her daughter lying in a pool of blood.

Crazed with grief and horror at the awful spectacle which her murdered child presented, she ran to the street, wringing her hands and crying hysterically for help. Some passers by, attracted by her cries, came to her aid and on learning of the tragedy immediately summoned Dr. Arthur Leclerc whose office is opposite. Dr. Leclerc found the girl in a state of unconsciousness. She was bathed in blood, and the left side of her head behind the ear had been crushed in with a shoemaker's hammer which was found clotted with blood and hair lying by the girl's side.

All indications are that the perpetrator of the dastardly crime was familiar with the lay out of the store and that suspicion is laid against persons who had a grudge against the store, one of whom had been dismissed for dishonesty and the other refused to wear a dome fasteners and stitched backs. In black and white. Per pair 50c

COFFIN GOES BY PARCEL POST FOR TWENTY-ONE CENTS

Lufkin, Texas, May 11.—Although the mails have been used for transportation of coffins from Lufkin to the United States a coffin has been mailed. The coffin was sent from here to White City for the burial of an infant. The size and weight of the coffin corresponded to the requirements of the post office department and the postage amounted to 21 cents.

SUICIDE INCREASE SHOWS INEFFICIENCY IN SOCIAL JUSTICE

Chicago, May 11.—Coroner Peter M. Hoffman, of Cook county, in his biennial report, issued Saturday, declares that suicides have increased in proportion to the increase in the population. The coroner held that the situation should shock humanity to an inquiry of the causes of the number of suicides in a community gauged that the community's inefficiency in the line of social justice.

Bishop Suspends Priest
Windsor, Ont., May 11.—Rev. Father Loiseleur, parish priest of River Canard, has, according to a report here, been suspended indefinitely by Bishop Fallon, of London, because it is said he refused to give testimony in a clerical case which arose out of the bilingual school controversy before the diocesan court. Father Loiseleur is understood to have declared that it is an important matter.

John F. Batts Dead
Prince Albert, May 11.—This city is mourning the loss of one of its most distinguished citizens, John F. Batts, formerly speaker of the legislature of the northwest territory, who died Saturday. Nearly three months ago he was stricken with an attack of pleurisy and from this he never fully recovered. He was 55 years old and is survived by a widow.

SPORTS

Edited by Cliff Dunham

TORONTO NOW ON FEDERAL CIRCUIT OPENS JUNE 1ST

Transfer Kansas City Team—
Will Play at Scarborough
Beach

Toronto fans are to get Federal League ball after all. The Kansas City franchise is to be moved to Toronto, and the "third" big league will be doing business in the Queen City inside of three weeks, according to President Gilmore.

The Kansas City team has not been drawing well, and with the middle-western circuit out of the road of baseball jumps, it is eating up a lot of money in railroad traveling. President Gilmore has been opposed to the Kansas City jump ever since the season opened, and was just waiting for a chance to transfer the franchise to a city that is closer to New York.

Toronto backers were notified yesterday that they could have the Kansas City outfit if they wanted it, and they jumped at the chance. While the local men who are interested in the project would not state where the new team would play it was learned on very good authority that the Federal League would hold away at Scarborough Beach.

The grounds will be put into shape at once and additional seating capacity will be added to the park. A well kept diamond is already at the eastern park, where the amateurs opened on Saturday, but this is to be improved and everything that goes with a big league park will be installed.

George Stovall, formerly manager of the St. Louis Americans, is the manager of the Kansas City club, and he has brought along here. Stovall will be given all the money he wants to strengthen his outfit, and Toronto will be given the best that the new league can produce.

It is expected that a full announcement will be made today, and that the park will be in readiness three weeks from yesterday to accommodate the newcomers.

President Gilmore is expected to arrive in town this week.

The Kansas City club's home dates are as follows, and there will revert to the Toronto club:

- June 1, 2, 3, 4, with Chicago.
- June 5, 6, 7, with St. Louis.
- June 8, 9, 10, 11, with Buffalo.
- June 12, 13, 14, with Brooklyn.
- June 15, 16, 17, with Baltimore.
- June 18, 19, 20, 21, with Pittsburgh.
- July 1, 2, 3, with St. Louis.
- July 4, 5, 6, 7, with Indianapolis.
- July 10, 11, 12, with Chicago.
- Aug. 8, 9, 10, 11, with Buffalo.
- Aug. 13, 14, 15, with Baltimore.
- Aug. 21, 22, 23, 24, with Pittsburgh.
- Aug. 26, 27, 28, 29, with Indianapolis.
- Sept. 5, 6, 7, with St. Louis.

Federals Get the Crowd.

Chicago, May 11.—Chicago Sunday for the first time staged three ball games and 16,000 persons attended. The largest crowd went to the Federal League park, where "Mordred Brown Day" attracted some 20,000 to the St. Louis game.

The American league contest with Detroit and the National league game with Pittsburgh attracted crowds almost equally as large. Three more triple conflicts in Chicago are on the schedule this season.

WESTERN CANADA LEAGUE: THESE CALGARY PLAYERS WILL BE SEEN HERE IN ACTION TODAY—JIMMIE FLANAGAN NOW WITH SASKATOON AND O'BRIEN WITH EDMONTON

The upper left hand picture is of Obie O'Brien showing the others how to get a 392 batting average. The top picture in the middle is Jimmy Flanagan ready to lay one down toward third. The upper picture at the right is Larry Piper, in a very meditative mood, thinking of his friends back in Winnipeg. The group at the left, lower row, is "Pip" Davidson, Larry Piper and Julie Streib, watching Jimmy Flanagan nab a high one with one hand. The Sam is explaining to Julie how the penant should be won. It's got to be done. Photographer Oliver caught him just as he got hold of one of Barney Barnstead's twisters. The ball can be seen under David's hand, in the glove.

TERRIBLE PLAYING BY ESKIMOS LOST SATURDAY'S AFTERNOON CONTEST 7-5

Eskimo's had hits a-plenty and got men on bases, but Russell Was Wild and Fielding Errors Numerous. Therefore, the same old story—Spaulding replaced Russell in Sixth and Made Triple, but Failing to Touch Second, was Out—Locals Feature Much Back-Slot Baseball.

Eskimos and Millers broke even in Saturday's double header, the visitors taking the afternoon contest by a 7 to 5 score and the Eskimos winning the evening game 4 to 2. This last game marked the first victory for the Edmonton boys and fans and players alike now feel that it is but the beginning of their upward climb. There were several different varieties of baseball displayed Saturday. The afternoon contest was a terrible affair, the home team exhibiting many brands of back-slit, high-league and home-head plays, arising high in the air at times and at no time being dangerous to Fred Wood's Millers. True, they had the score tied in the fifth, five all, but the Millers gained a run in each of the next two innings, while the Eskimos were blanked. Neither team scored in the eighth, but the Millers were off again in the ninth and grabbed a couple, but the game was called over to the time limit, and the score reverted back to the seventh, 7 to 5.

Eskimos Gathered Hits
It was not for want of batting ability that the Eskimos did not win the game, as no less than 16 men got on bases, five being by the free pass route, and one by a hit ball. Concanon who started on the mound for Moose Jaw was hit a plenty and lasted for five and a half innings, being replaced by Red Gavin the smiling bean-pole of the Millers. Concanon tossed three passes and struck out five Gavin walked two and fanned one. Russell who was Noddy's choice for the Eskimos, got going poorly, and aided by the errors of the fielders behind him, was asked to retire in the middle of the sixth in favor of Spaulding. Russell walked six men and fanned but one, while his successor walked one and passed one.

Good Attention Crowd
There were 2,000 fans present at this game, the weather was ideal for baseball, but by the time the ninth arrived, many were winding their ways up the hill, wondering if the Eskimos would ever start playing real ball, and if they had but stayed to the second game they might have had their answer.

Whisman Scored the Runs
The Millers got one run in each of the first three innings, and out of friend Whisman came across with two of them. The first came when Lorenz was on on Russell's high leg first. Seaton hit to Noddy who put to second getting the runner, and completed the double at first. Whisman walked down to second on a passed ball and scored when Jarrett singled to Fortier. There was nothing doing for the Eskimos.

Millers Kept Scoring
This second run came when Price walked and stole second on Redmond's muff and to third and home when Augustus hit to Povey. Eskimos got two on bases in their half but no friend Whisman came across with two of them. The first came when Lorenz was on on Russell's high leg first. Seaton hit to Noddy who put to second getting the runner, and completed the double at first. Whisman walked down to second on a passed ball and scored when Jarrett singled to Fortier. There was nothing doing for the Eskimos.

BONKS GIVE QUAKERS TUMBLE BUT HURLEYITIES WIN EVENING GAME

Score Was 15 to 11 in Afternoon When Bonks Got to Northrup—Quakers Took Evening Contest 7 to 1.

Calgary, May 11.—In a wild game the Bonks on Saturday afternoon scored the only game of the Saskatchewan series.

The score of the encounter
out. But for this error, there might have been a different story to tell, as the first two up hit for one base each and the next was given free transportation. However Russell struck out and Noddy's first to right and the three died on base. The visitors gathered one in the seventh and Augustus followed suit but were put away quickly by a double play. There was nothing doing for either team in the eighth, but in the ninth the visitors began piling them over the plate until they had three across, but as time was short and another game scheduled in less than half an hour, the Eskimos never had a chance to show their face, and the score reverted back to the seventh inning, namely, 7 to 5, and the Eskimos had lost another. There followed a hurried luncheon of "hot dogs" and "sammies" by the team and those inclined to stay and see the third game, and at six o'clock the second contest was on.

Winnipeg Derby.
Louisville, May 11.—For the first time in 24 years, and the fourth time in forty years history of this turf classic, the Kentucky Derby was won by gelding, when Old Rose Bud, owned by H. C. Applegate and Co., of Louisville, and ridden by J. McCabe, raced under the wire in the event at Churchill Downs track Saturday afternoon, a victory by about eight lengths. Hides, owned by J. Spence of Missouri was second, and Bronze Wing, owned by A. P. Humphrey, Jr., Louisville, was third. Old Rose Bud was a 15 to 5 favorite.

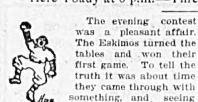

The Derby purse, with \$10,000 added money, aggregated \$125,000, the richest stake in the history of the race.

GOLDIE HIT ESKIMOS TO VICTORY; MOOSE JAW MILLERS LOSE 4 TO 3

Ten Inning Contest Provides Merry Excitement for Local Fans—Eskimos First Win—Score Tied in Fifth, but Goldie's Hit in Tenth Brought Fortier Across with Winning Run—Calgary Bronks Here Today at 6 p.m.—Three Game Series.

The evening contest
was a pleasant affair. The Eskimos turned the tables and won their first game. To tell the truth it was about time they came through with something, and seeing that they did, there is no heart in Edmonton fans and supporters and now all there is to do is take a couple from the Bronks this week and continue the good work that even in the evening contest Saturday, it looked for a long time that the Eskimos were due for another trouncing and it was not until 10 innings had been marked on the scoreboard that the visitors knew they were better and then it was the third strike of the third man up that did the deed. Goldie is his name.

Goldie's Timely Hit
To make the story short and sweet, we'll tell the tenth inning first and leave the rest till after. At the end of the sixth the score was a tie, three all. The visitors had gathered one in the fifth and two in the sixth. Eskimos grabbed one in each of the first two innings and another in the sixth. Nine innings played and no further scores. Plenty of light and another inning. The visitors went out one, two, three. One by the throw-out route and two on high flies. Eskimos' last one, Fortier, first up hit for two bases to left fence. Povey struck out. Goldie was over and the game won, and the fans happy.

Clayton Took the Mound
The mound work for the locals but met the fate of Russell in the afternoon game, and was taken out early in the sixth. Clayton going to try his luck. Eskimos got their first when Fortier hit for two bags close to the third base line and went to third and drove it home third base line, scoring Fortier. The hit would have been gone for two bases, but the run was over and the game won, and the fans happy.

Miller Got Three
Moose Jaw got their first run in the fifth. O'Day hit to center and scored, sacrificed to third by Price and completed the circuit on Augustus' single to left. In the sixth they grabbed two more, one being a forced run. The first three men up hit safe and Whisman was given free passage by Clayton, forcing Remmer. Lorenz hit for two bags and scored when Price hit a safety and Povey walked. The Eskimos came back in their half and Russell, first up singled and went to second on Noddy's hit, stole third and scored when O'Brien hit to center. This tied the score and thus it stood until the last of the tenth.

The box score:

"Stub" Behind the Bat
"Stub" Spencer caught for the first time this season and more than made good. Fans and players alike seem to have a certain amount of confidence in "Stub's" ability behind the bat. His catching to second Saturday evening was perfect and he held the players steady. His feature of the evening was one hot catch of a high foul in the outfield as the firsters' bench. Foot Russell made his first miff of the season on a high fly, caught by either pitcher or fielder. Whisman's work in the outfield was a feature. His running catches are both pretty and steady and his speed and daring on the bases is too well known to mention.

Calgary Here Today
This fat man Kelly who has been doing the bulk of the catching for Moose Jaw, is most awkward and ungainly in appearance and movements, but got away with a lot of stuff at that. There was a much better brand of baseball displayed in the evening game than in the matinee affair. There were fewer errors and fewer men walked, but not many strikes-out by either pitcher. Whisman had his troubles in both games, but there was no such display as the previous day. Everybody was pleased with the Eskimos' win and feel sure it is but the beginning of a series of such victories. Calgary Bronks are here today and for three games. The Eskimos then go to Calgary for the balance of the week.

With a Reason

This Studebaker FOUR makes vivid and concrete our loyalty to the four-cylinder motor car, and our belief in its future. We affirm this loyalty although we are the world's largest manufacturers of "Sixes" and with the full realization of the fact that the Studebaker SIX has sounded the death knell of the heavy, high-powered, high-priced type of "Four." We affirm it because there exists a wide and definite sphere in which the four cylinder motor will always stand supreme. The Studebaker FOUR represents our idea of what a "Four" should be.

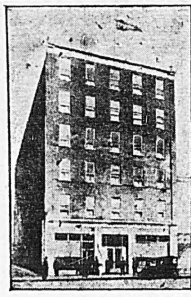

It is a car which, in design, workmanship and materials, embodies every excellence we know how to put into it. It is a car that is light, handy and simple.

It is a four-passenger car. Its equipment omits nothing that can add to comfort and convenience.

Its long-stroke motor combines wonderful power with miles-per-gallon efficiency of the highest order.

And the price of this beautiful "half-jeweled" Studebaker FOUR is but \$1375—a price possible only because we are building it complete in our own factories and in such large numbers as to reduce to the lowest point all manufacturing costs.

daughters, to mourn their loss. She
passed away peacefully at 11 o'clock, Wed-
nesday morning at 6.15 o'clock. Service at
the Immaculate Conception church.

MINISTERS SEND CONDOLENCE TO MRS. W. F. FINLAY

Government Meets to Express
Sympathy with Relatives of
Former Minister

WAS WELL LIKED BY
CIVIL SERVICE STAFF

Members of Cabinet Will At-

tend Funeral at Medicine Hat
Probably Wednesday

General regret was expressed at the

parliament buildings today over the

death of the Hon. W. F. Finlay, former

minister of agriculture and provincial

secretary. The flag was flown at half

mast.

This morning the cabinet ministers

who are in the city, Hon. Charles

Stewart, minister of public works and

deputy premier; Hon. J. H. Boyle, minister of education, and

Hon. Wilfrid Garfield, minister of municipal affairs met and decided to send

a resolution of condolence on behalf of

the government to Mrs. Finlay. Min-

isters who knew Mr. Finlay well also

sent private messages of condolence by

wire.

Several members of the cabinet will

attend the funeral which will take place

at Medicine Hat probably on Wednes-

day. The remains being shipped from

Vancouver.

Mr. Finlay's death was also generally

regretted by the civil service staff,

many of whom had worked under Mr.

Finlay when he held the portfolio of

provincial secretary and minister of

agriculture. Mr. Finlay had been in

falling health for about a year before

he resigned in 1910, the strenuous elec-

tion campaign in which he engaged in

1909 having brought about a breakdown

which was followed by a serious illness

and this undermined his health.

The deceased minister was highly re-

spected among the civil servants of the

government, as he was of a kindly dis-

position and a capable minister.

LUTHERAN MINISTER FROM PINCHER CREEK COMES TO EDMONTON

The Rev. Mr. Helwinski, who for

some years has been pastor of the Lu-

theran church south of Pincher Creek

in Southern Alberta, has accepted a

call to Edmonton. He expects to take

up his duties here about the beginning

of June. Rev. Mr. Meyer, of Stony

Creek, recently paid a visit to Pincher

Creek for the purpose of pressing upon

Mr. Helwinski the desirability of ac-

cepting the Edmonton call.

The Lutheran of Pincher Creek dis-

trict is to be pleased to have the min-

ister, who was also his to leave them at

present. According to the Pincher Creek

local paper there was some discussion

at the meeting of the congregation

when Mr. Helwinski's removal

to Edmonton was discussed. A lively

discussion followed Mr. Meyer's ad-

dress, and although a majority voted

for the release of the pastor, the min-

istry refused to make it unanimous.

A few months ago Mr. Helwinski re-

turned to his own university church in

St. Louis.

SAUNDERS WILL TELL COUNCIL ABOUT HIS TRIP TO CALGARY

Mayor McNamara and Commis-

sioner Saunders were back at the city

last night. The mayor had been in

Calgary on private business.

Commissioner Saunders said that he

had gone thoroughly into the matter

of the municipal paving plant while in

Calgary, and hoped to make a report

for the council at tomorrow night's

meeting.

Y.W.C.A. Matron Complains.

The girls at the Y.W.C.A., Third

street, complained that on several oc-

casions men were there who were

trying to peep into the rooms. The ma-

trix reported to the police and a strict

watch has been set.

TOO LATE FOR CLARIFICATION.
